

2013 Deer Lottery

Why is the state land deer lottery process changing?

The new lottery process is designed to streamline the distribution of deer permits and allow hunters to know immediately whether they were selected for the lottery area of choice. It will provide a more efficient, cost-effective method and increase convenience to hunters while maintaining the distribution of permits in a fair and equitable manner.

Will there be a fee associated with the application process?

No.

How do I apply?

You can apply for lottery permits online at www.ct.gov/deep/SportsmenLicensing or at select DEEP locations (License and Revenue and DEEP Bookstore – 79 Elm St, Hartford; Franklin Swamp WMA – 391 Route 32, North Franklin; Sessions Woods WMA – 341 Milford St (Route 69), Burlington; Eastern District HQ – 209 Hebron Rd (Route 66), Marlborough; Marine HQ – 333 Ferry Rd, Old Lyme; Western District HQ – 230 Plymouth Rd, Harwinton).

Can I apply by mail?

No.

When can I apply for the deer lottery?

You can apply starting on Thursday, June 6, 2013 at 8:00am. You have until August 31, 2013, to apply for and purchase your permit.

Do I have a better chance of being selected if I apply early?

All applicants will have an equal chance of being selected. However, the number of available permits will decrease over time. It is best to apply as early as possible to maximize your chances.

How do I apply online?

Detailed instructions for applying online are listed below. There are instructions for applying as an individual and as a group.

Are there pre-requisites for applying for a deer lottery permit?

Yes. You must have a current firearms type hunting license or select to purchase one at the time you apply. If you are applying as a group, each member of your group must have a current firearms type hunting license.

Are there any other differences with the new lottery?

As in the past, hunters will be able to apply for lottery permits as an individual or as a member of a group. Up to four hunters will be allowed on a group application. Applicants will be able to specify up to six areas and also indicate their preference for the "A" or "B" season. Another change in the new system is that hunters will be notified immediately if they are successful in obtaining a permit. The probability of obtaining a permit is different for each area. There is less of a chance of obtaining a lottery permit for popular hunting areas or those with small quotas.

If I am selected, what will happen next?

If you are selected, you will receive a message and the permit will be placed in your shopping cart for purchase. After purchasing your permit, you should print your new license. The area, season, and bag limit will be printed on your license. You have until August 31 to complete your purchase. If you applied as a group, members in your group will have to log into the licensing site at a later time to buy their permits, which will already be in their shopping carts. They can also go to one of the DEEP licensing offices to buy their permit. Group members have until August 31 to complete their purchases.

What happens if I do not follow through with payment for the deer lottery selection before August 31?

Your permit will be forfeited. That permit may then be made available for sale to other hunters on a first come first served basis.

What happens if I am not selected for a permit?

Individuals will be able to apply for permits to areas they have not already applied for. Groups only have one chance to obtain permits as a group. However, each member of the group may apply as an individual for permits to areas that the group did not apply for.

How will the system handle junior hunters who need to hunt with a licensed adult?

If a junior license holder will not be age 16 at the time the season starts, the junior hunter should apply with a group that includes an adult hunter that can accompany him/her during the hunting season.

What happens after the deer lottery application period closes on August 31?

An analysis will determine whether there are any unissued permits. On September 15, unissued permits will be made available for sale on a first come first served basis. Individuals who have not already purchased a lottery permit or other state land deer permit will be able to purchase these permits online or at any agent location. Details on how to obtain these permits will be available in September.

After I complete my payment for the lottery deer permit, what else will I need to do? Will I receive any authorization or permit in the mail?

When you complete payment and receive a confirmation, the deer lottery permit authorization will be automatically added to your privileges on your license. You simply need to re-print your license. The area, season, and bag limit will be listed on your license. You will no longer receive a postcard authorization in the mail. If you are selected for a controlled hunt area, you may receive additional correspondence from the DEEP-Wildlife Division regarding special rules, hang tags, or required pre-season meetings.

Who should I contact if I experience any problems in trying to enter the lottery?

You may contact any of the DEEP licensing offices during office hours from 8:30 am – 4:30 pm.
